

The background of the slide is a composite image. On the left, a large white semi-truck is parked next to a blue shipping container. In the center, a large yellow gantry crane is visible, part of a port infrastructure. On the right, a white commercial airplane is flying in a blue sky with light clouds. The overall scene represents a global supply chain.

Connecting Innovation with
Reliable Supply Chain Solutions

CORPORATE PRESENTATION

STRATEGIC MATERIALS & LOGISTICS GROUP, LLC

Company Overview

Founded in 2009, Strategic Materials & Logistics Group, LLC (SMLGRP) specializes in silicon material sourcing and global logistics for the solar and semiconductor industries. With 45+ years of combined experience, we provide reliable, high-quality materials and seamless supply chain solutions tailored to businesses worldwide.

Our Core Business Areas

- Material Sourcing & Sales – Polysilicon, IC wafers, and recyclable silicon materials from trusted global manufacturers.
- Global Logistics & Supply Chain Solutions – Warehousing, freight management, and customized supply chain support.
- Industry Expertise & Market Intelligence – Strategic insights and flexible solutions to optimize sourcing and distribution.

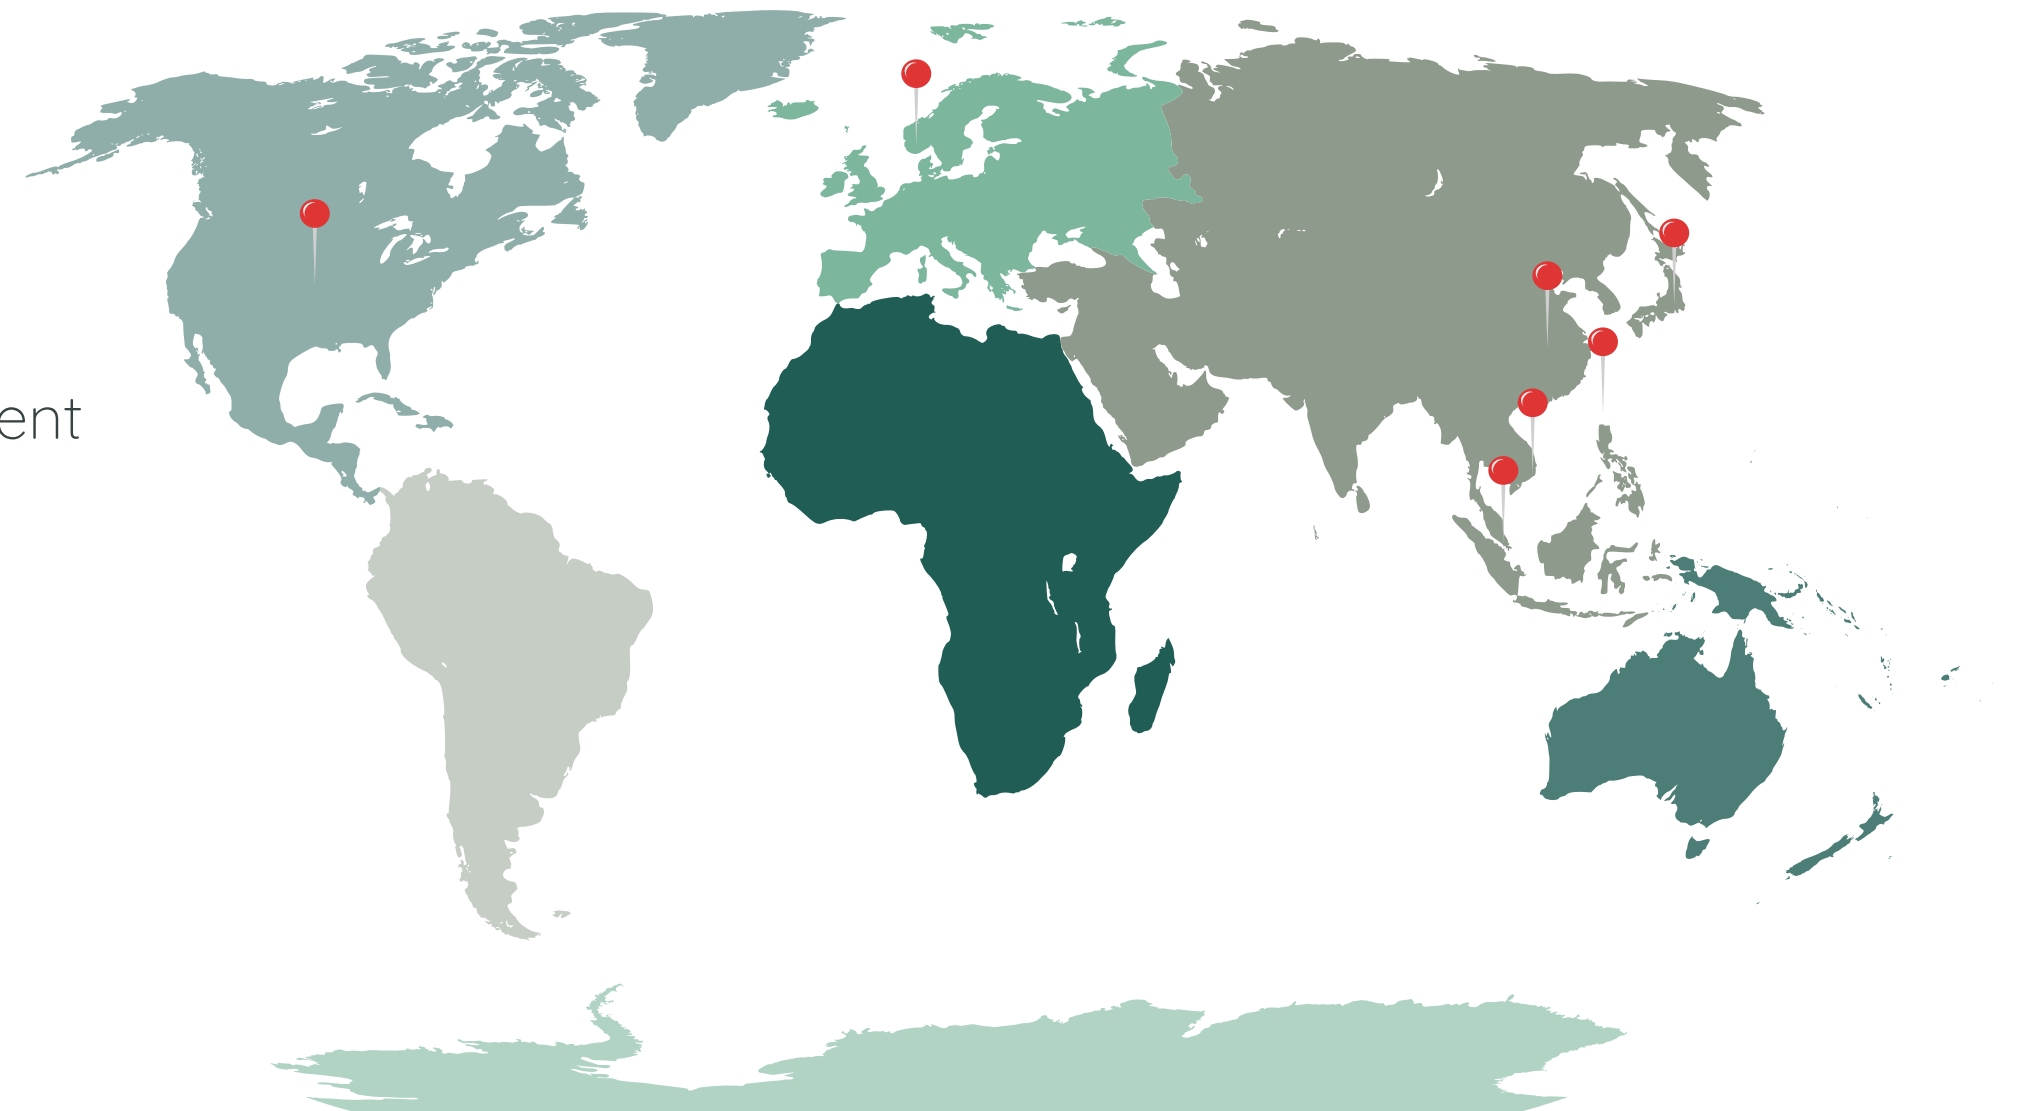

Why Companies Choose SMLGRP?

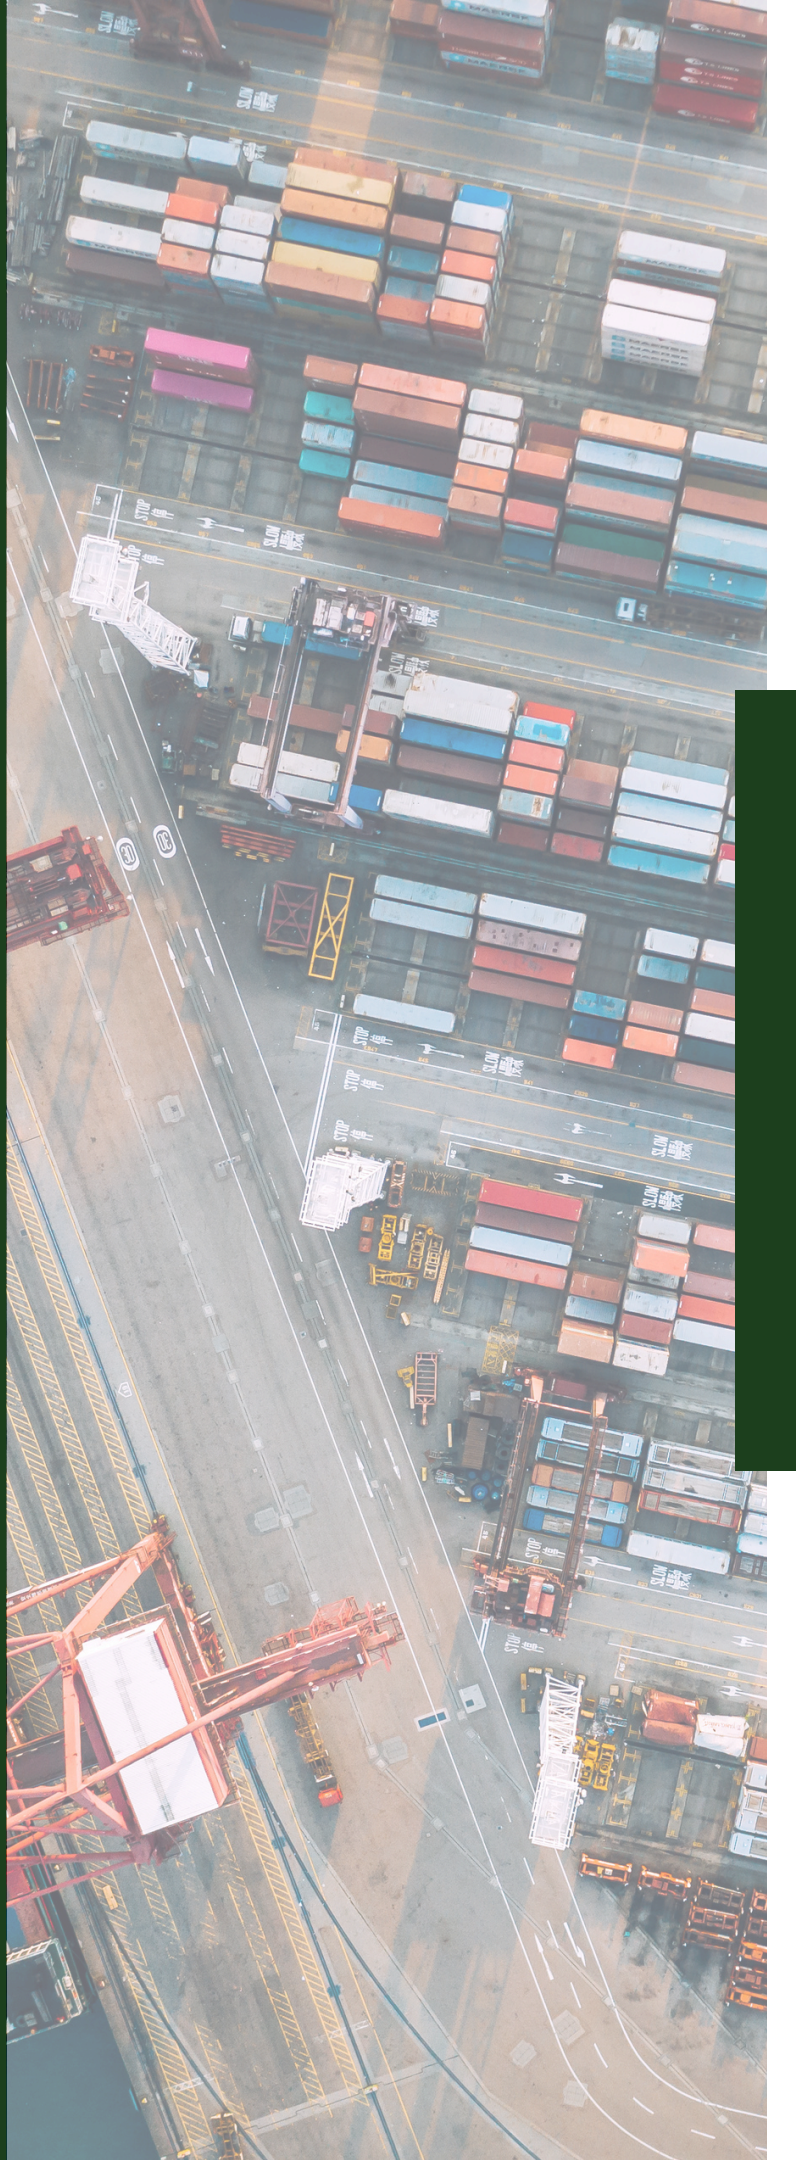

- Reliable, high-quality materials from top U.S., German, and Singapore suppliers.
- Seamless international trade & logistics across North America, Asia, and Europe.
- Cost-effective, flexible solutions for small to medium-sized businesses.
- Commitment to sustainability with recyclable silicon materials.

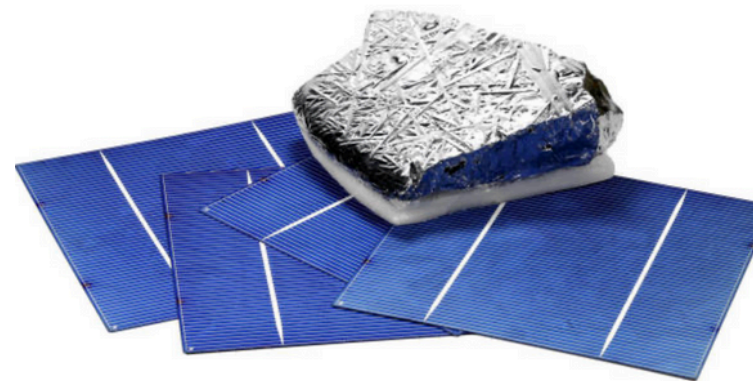

Business Expansion & Global Reach

- International Trade & Logistics Expertise
- Shipments to and from:
 - Singapore, Taiwan, China, Vietnam, Japan, Norway, and the USA
- Global warehousing & freight management for secure, efficient deliveries
- Partnerships with leading silicon manufacturers & suppliers worldwide

Products & Services Overview

Polysilicon & Solar Materials

- High-purity polysilicon (primarily U.S. sourced)
- Reclaimed silicon for PV industry & recycling
- Ingots, top & tails, and broken wafers
- Solar cell and module trading

Semiconductor & IC Wafers

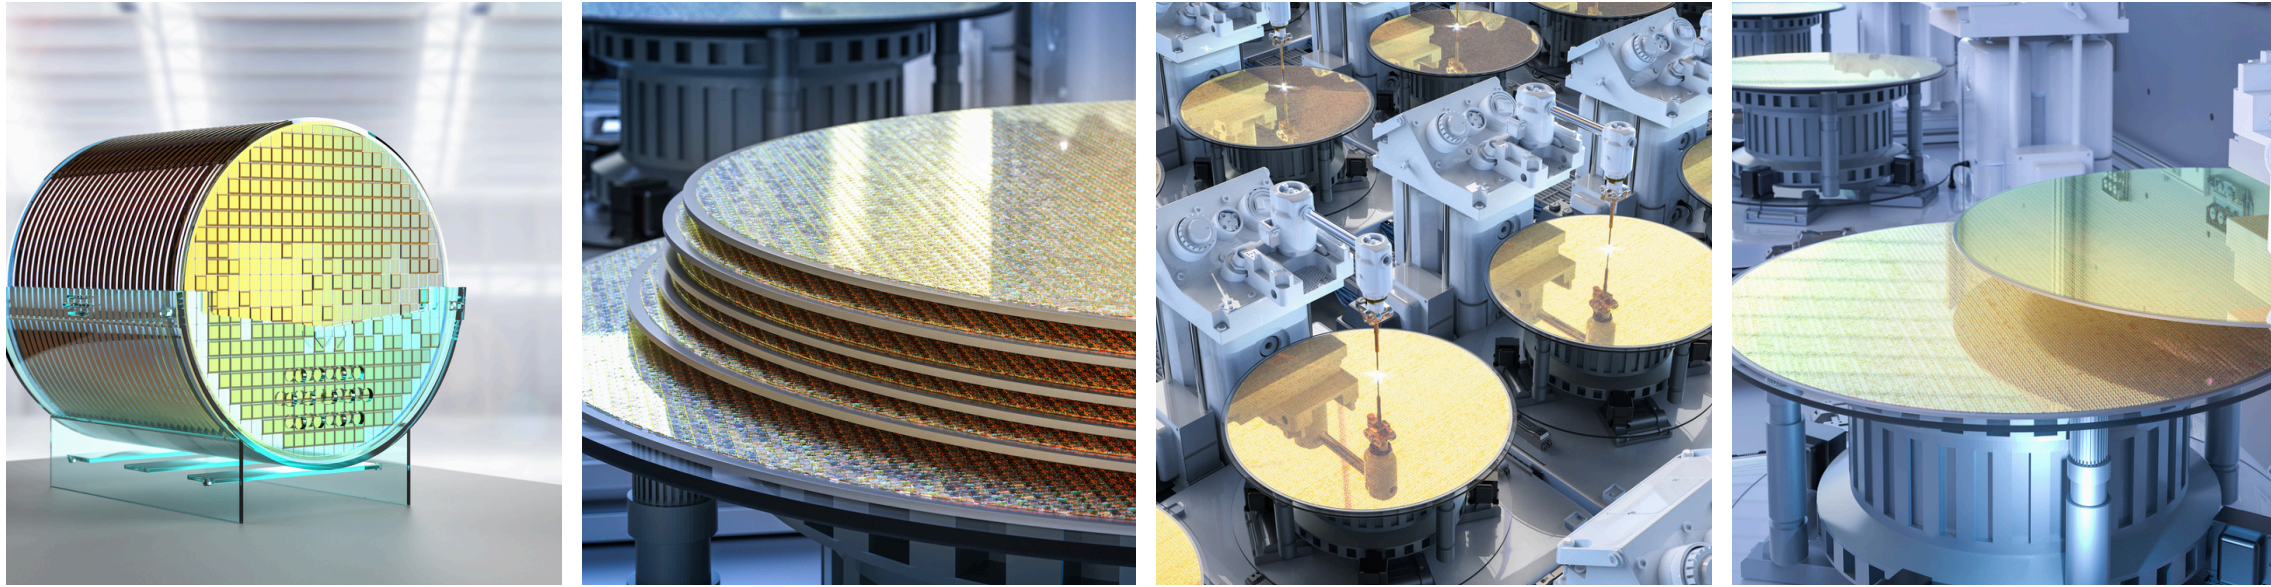

- 200mm / 300mm wafers for production & testing
- Test-grade, reclaim, and fallout wafers

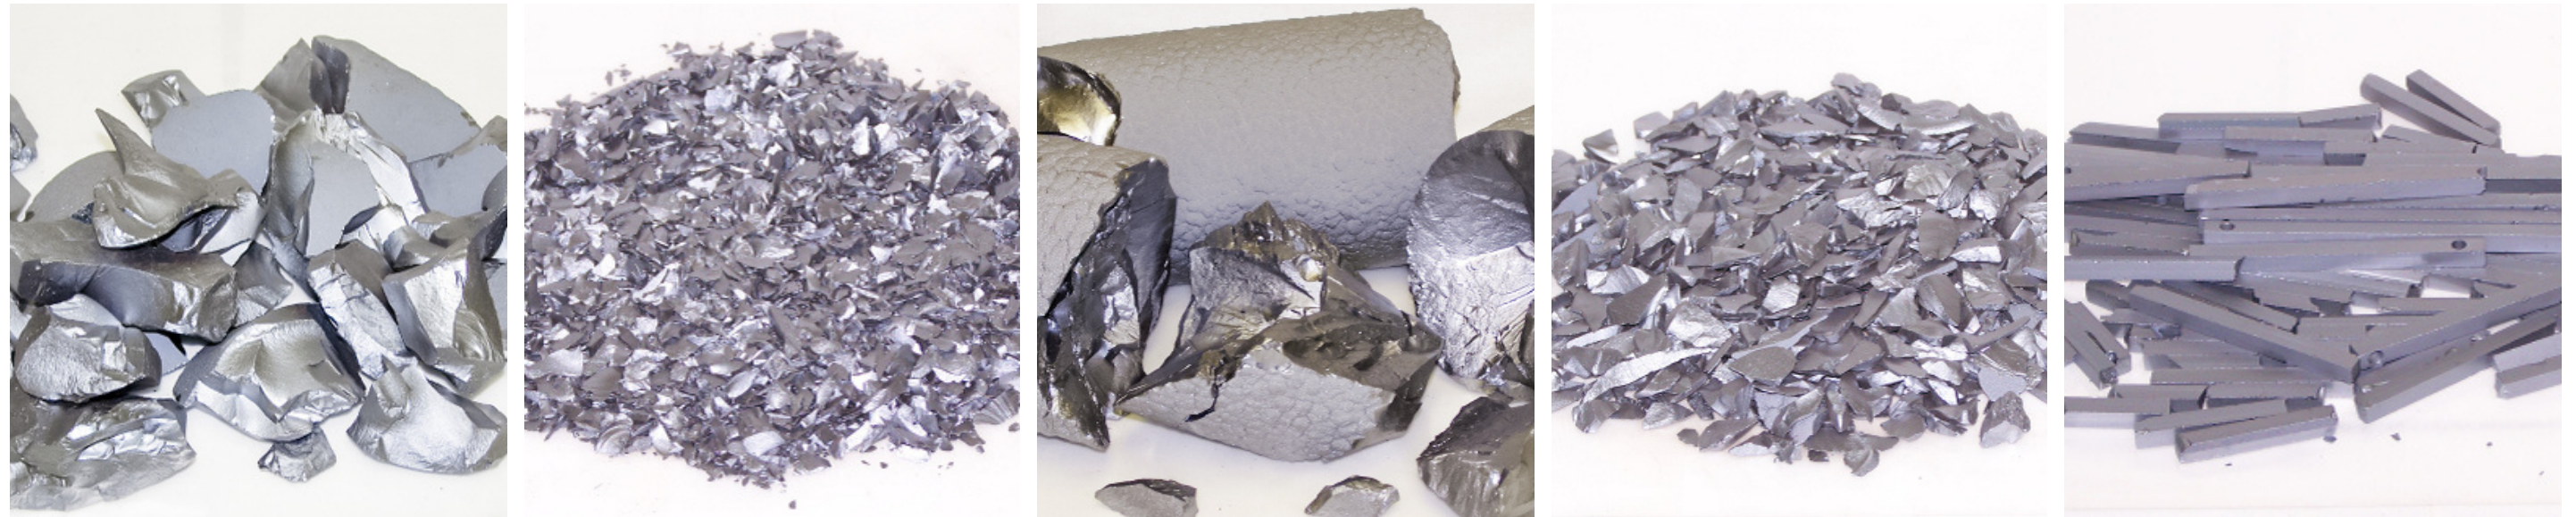

Logistics & Supply Chain Solutions

- Warehousing, freight management, and material sourcing
- Industrial parts & warehouse consumables

Product Offerings

SEMICONDUCTOR MATERIALS

SOLAR MATERIALS

Strategic Partnerships & Industry Collaborations

OUR GLOBAL PARTNER NETWORK

- U-Freight Logistics (Hong Kong)
- SeaHawk Logistics – ShipEX Logistics LLC
- USPL Pte Ltd (Singapore)
- Si-Workshop Silicon (USA)
- Poly Silicon Manufacturers (USA & Germany)
- Philippine Airlines
- MEPSS Pte Ltd (Singapore)
- Yuan New Energy Limited

HOW OUR PARTNERSHIPS BENEFIT CLIENTS:

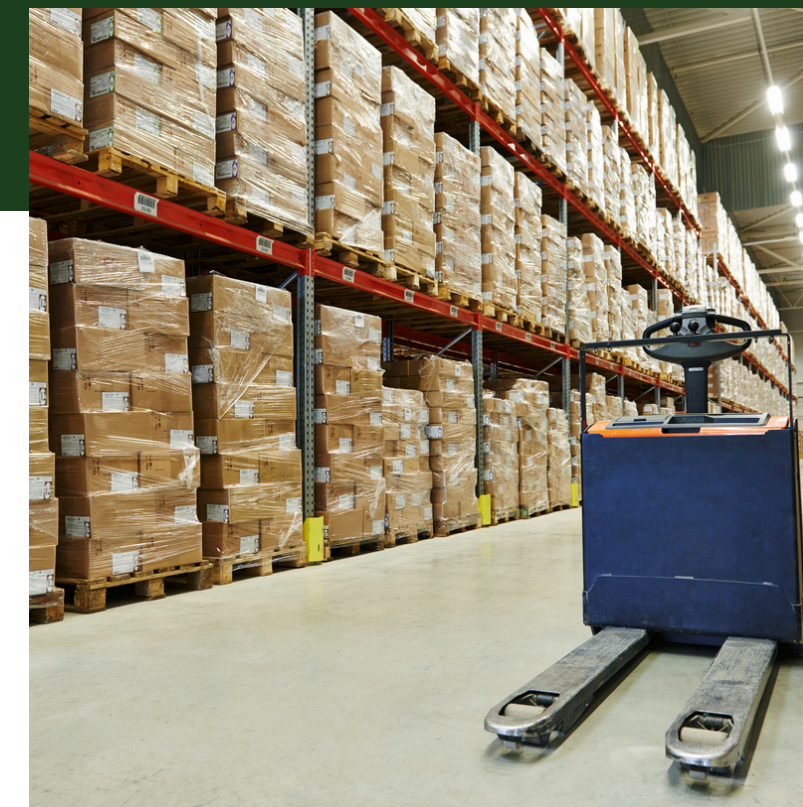

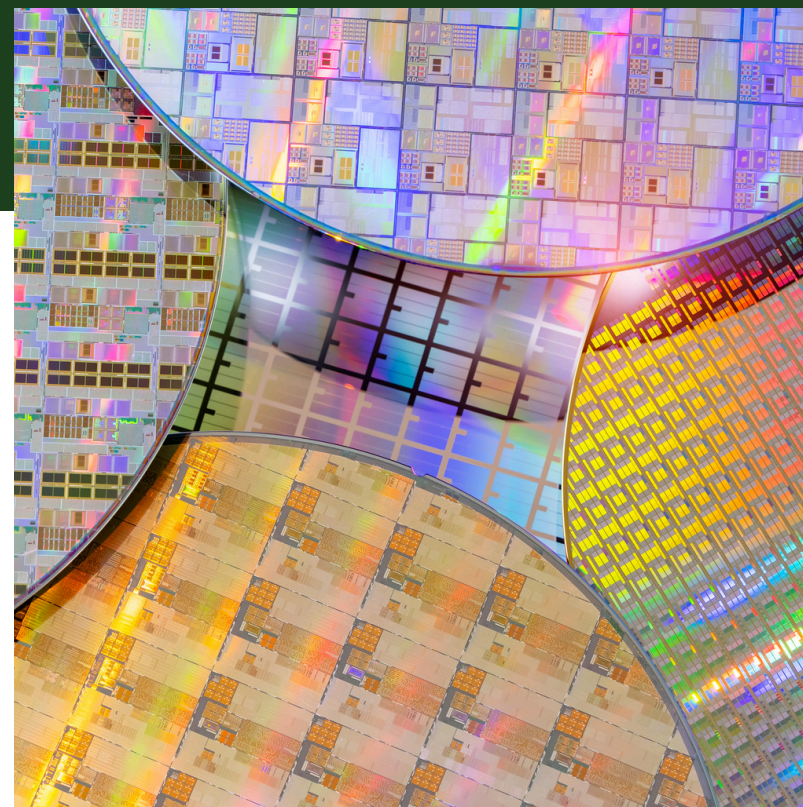

- Secure and efficient supply chain operations
- Access to global warehousing & freight solutions
- Competitive pricing & superior material quality
- Flexible solutions tailored to client needs

Competitive Advantage

WHY CHOOSE SMLGRP?

- ✓ Deep Industry Expertise (45+ years of combined experience)
 - ✓ Reliable Sourcing & Quality Assurance
 - ✓ Global Logistics & Distribution Strength
 - ✓ Customized & Cost-Effective Solutions
- ✓ Sustainability-Focused with Recyclable Silicon

Industry Applications

WHO WE SERVE:

Strategic Materials & Logistics Group, LLC provides high-quality silicon materials and supply chain solutions for various industries. We support the solar energy sector with polysilicon and recyclable silicon materials, while our IC wafers and reclaimed silicon serve the semiconductor industry. For manufacturing and production facilities, we streamline material sourcing, logistics, and warehousing to improve efficiency. Our logistics and freight management solutions ensure seamless transportation and storage for businesses worldwide. With a focus on reliability, efficiency, and sustainability, SMLGRP delivers customized solutions to meet evolving industry demands.
